## THANK YOU!

It was great meeting with so many parents during our conferences.

We try to meet with each student's family in the fall.

If you were unable to attend your conference, please contact your child's teacher to set up a new conference time.

## Math - Topic 5

In this topic, we classify objects (up to 10) into two categories. Then we count and write the number of objects in each category. We will learn that tally marks are another way to show how many objects are in a group.

HAPPY VETERANS DAY  
to those who served.
