

Pay to Shuttle Program 2017-18

For students who live within 1.5 miles of their attendance center, no transportation is provided unless significant hazards exist. According to Illinois School Code, only students living more than 1.5 miles from their school are eligible for Transportation Reimbursement monies from the State of Illinois. The GK School District does not transport students who do not qualify for reimbursement. The Genoa-Kingston School District offers the Pay to Shuttle program for students who do not qualify for transportation by allowing them bus transportation from one school to another for a fee.

The fee for the service is **\$125 (\$175** maximum for a family). There can be no partial payments. All students who participate must pay before riding and there are no discounts for any reason. Students will be issued a card that they must have with them in order to ride. Further, the program is limited to commutes between schools. Students must walk (or otherwise travel) to the school nearest them to commute to their attendance center. As a result, commutes will only take place between the following two schools: Genoa Elementary, and Genoa-Kingston Middle School. Transportation involving the other two schools in the district does not necessitate this program.

If interested in the Pay to Shuttle program apply at the District Office, located at 980 Park Avenue.
