

The Kishwaukee Tennis Association promotes tennis in the DeKalb/Sycamore/Genoa area. Our goals include introducing youth to the sport of tennis through age appropriate drills and equipment, offering an opportunity for adults to learn or reacquaint themselves with tennis, schedule times for regular play, and allowing people to socialize and make new friends.

The KTA is registered as a community tennis organization with the United States Tennis Association. Outside tennis starts as soon as weather allows and we will play regularly on Tuesday and Thursday evenings from approximately 5:00 pm til dusk. The venue will normally be DeKalb High School tennis courts depending on their availability. In the event of scheduling conflicts with high school teams, alternate sites will be texted to you if you desire. We encourage people to show up whenever their schedule allows.

Thursday evening is family night. We will offer adults and youth opportunities to hit with balls and equipment that match their skill level. Achieving success and having fun are our goals. Because these evening events are of a drop-in nature, young children will need to have a parent or guardian with them. We would appreciate any feedback that you can give us that would improve the experience. Comment on our Facebook page or you may contact Mark Meier at 815-756-1030 or Kathy Hathaway at 815-761-2173.

See you on the courts this summer!
