

Stars of Tomorrow

After School Drama

The Stars of Tomorrow drama workshop is a program that exists to provide theatrical experience for young people. The workshops will be led by instructors with experience in theater & musical productions. Students will learn how to use their voice, body and imagination while playing theater games, putting on plays, skits, building self confidence and having fun, ending with a performance!

Each session will have a new play, tailor made for the class!

For questions, contact Patty @ 815.547.0707
